

here is some text in top-left margin-box,
its fairly bigger than the text
"element(header-center)". Let's even go
further and even more text. Here it goes,
even though it's never enough to be
comparable to the center box.

a bit of
text

here is some text in top-left margin-box, its fairly bigger than the text "element(header-center)". Let's even go further and even more text. Here it goes, even though it's never enough to be comparable to the center box.

Here is an example of **not** that simple

it is what it is

cell 1	cell 2
cell 3	cell 4

page margin content. With quite a lot of content, much more than in top-left. Some even more text: "Before you discuss the resolution, let me place before you one or two things, I want you to understand two things very clearly and to consider them from the same point of view
